Address: **Lexington-Fayette urban county**
Price: **Check with seller**

Have you not been to the dentist in at least 4 years? Have you ever been told that you need a "deep cleaning" but can't afford it? I am in my last semester of dental hygiene school at BCTC-Cooper campus and I need a patient that would agree to be my licensing exam patient. All it requires is for you to sit back, relax, and allow me to clean your teeth. If you qualify and participate by being my board patient on April 13th I will PAY you for your time. If you are interested in being my patient, please contact me and I'll set up your free screening to determine if you qualify.

I also need to see as many patients as possible this semester. If you don't have dental insurance, or have been told you need a "deep cleaning", this is a great deal! X-rays, fluoride, oral cancer screenings, cleaning and polishing, and an exam by a dentist are included for the one-time \$35 fee. Appointments are long, and it make take more than one appointment, but you'll receive the best care. Feel free to message me with any questions.

**Appointments are Moday, Wednesday, or Friday 8:30am-11:30 or 1:00pm-4:30pm
